

HOW WE BUY

Clothes. When selling to us, items should be brought in a tote or laundry basket only -- no bags, please, as this type of container tends to wrinkle clothes and is harder for us to handle. Clothes should be free of stains, odors, excessive wear, safety pins, and contain no yard sale price stickers. They must be in good condition, of current style, freshly laundered, and neatly folded (please, no hangers).

Due to overstock, ***we will be extremely selective when buying gently used clothes that are sizes newborn to 18 months.*** We look for clothes that are in excellent condition, free of stains, odors, and wearing -- we will only buy these items if they are like new. For clothes with multiple pieces, we look for their matching 2 or 3 pieces and dresses with their diaper covers.

Toys and Equipment. Toys need to include all pieces, and all furniture & equipment need to include their original parts. These items must be assembled in the store to verify all parts are present. We reserve the right to turn away items that do not meet these conditions. When deciding to bring in and sell large furniture, equipment, and toys be sure to check out the consumer Product Safety Commission's website at www.cpsc.gov to see if any items are on recall. We will always check items that are brought in and we do not purchase items that have been recalled. Special Note: To comply with regulations, we will only purchase gently used cribs that have a manufacturer's date of June 28, 2011 or later.

Please be considerate to other customers regarding the number of items you bring in to sell. Although we try to work as quickly as possible, the more you try to sell at once, the longer it may take us to sort through your items. We do reserve the right to prioritize and work first on smaller buys and / or customers with large equipment so that we keep accumulation and clutter to a minimum. We prefer buys that consist of 50 items or less.
